Tour Itinerary

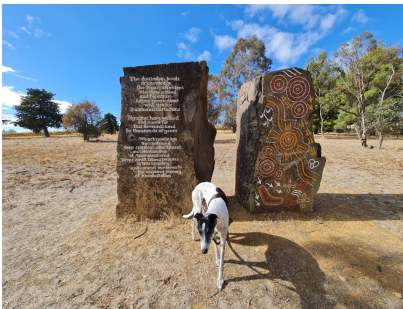

1 : Dog Sitter:

such a distinct area.

We will keep your dog/s company while taking you around the wineries, answering your questions, telling you some stories, and doing a lot of sightseeing. Your fur-baby will make a new friend and have a great time too. Your tour visiting the Clare Valley's beautiful wineries will make wonderful memories, and this will be your Private Group Tour, for 1, 2, or 3 passengers plus your fur baby. For (very) small lapdogs, up to 6x humans can be accommodated. Relax in comfort as you are driven through this beautiful wine region, discover some great wines, and feel the vibe, it is what makes the Clare Valley

2 : Our Secrets:

Get to places you may never find on your own, and bring your dog. If you have the date, book asap as there is only one tour available per day.
