Each Ocean Rafting day offers three days in one, including an exhilarating ride to Whitehaven Beach and Hill Inlet, pristine Whitsundays snorkelling reefs and guided Whitsunday Island National

Parks walks.

The Northern Exposure eco adventure is a favourite amongst avid snorkellers because it is the only Whitsunday adventure which includes two different snorkel destinations. Enjoy snorkelling around Hook Island including Mantaray Bay, Maureens Cove and other specially selected Whitsundays snorkelling spots, ensuring a memorable underwater experience.

The tour also includes a visit to the stunning beach at Hill Inlet, north end of Whitehaven Beach, and a guided National Park walk to Hill Inlet lookout above the silica sand of Whitehaven. We are the only tour to have direct access to Hill Inlet beaches, where you can explore, enjoy an optional fresh tropical lunch pack served at the beach and swim in the crystal clear turquoise ocean or just relax on the silica white sand. Small groups allow you to experience this tropical paradise away from the crowds.

Experience Ocean Rafting's signature adrenalin fuelled action while exploring the islands, inlets and beaches on custom built semi-rigid inflatable vessels, travelling at speeds of up to 30 knots. The vessels are up to 12 metre semi-rigid inflatable vessels, originally designed and built as rescue crafts and are driven by 500hp engines, allowing you to experience a fun, high speed ride amongst the natural beauty of the Whitsundays.

The main difference between the two tours is that the Northern Exposure has more snorkelling time and the [Southern Lights](#) offers more beach time.

A visit to Hill Inlet, Whitehaven Beach and snorkelling pristine coral reefs all in one day, along with the "ride of your life", allows for a very special adventure!

Please note: If you are travelling to the Whitsundays on a cruise ship, the timings of this experience do not align with the visiting cruise ship schedule. This tour is available from Daydream Island – please refer to [Northern Exposure ex Daydream Island](#) page for more information.
