Tour Itinerary

1 : THE EXPERIENCE:

Snorkel with Seals and explore Popes Eye Marine National Park.

Come face to face with the Australian Fur Seals in a small group environment on our 2-hour Popes Eye and Fur Seal tour experience.

Fur Seals are one of the most incredibly playful and inquisitive marine mammals that inhabit Victorian waters. Our seal tour will provide you with the opportunity to see and swim with seals in two different environments - the first Chinaman's Hat, a shallow 'haul-out site' that houses up to 100 seals who are ready to play in their shallow pool like sandy bottom surroundings. The second site is Popes Eye, known as Port Phillip Bay's best dive location, houses up to 20 animals in a deeper water setting. Popes Eye is also home to the Australasian Gannet, Australia's largest diving sea bird and an array of other underwater life.

All equipment and expert tuition are provided for this unforgettable experience.

Small groups - limited to 10 spaces aboard our fast-paced RIB - Bluebird.

Bookings essential, private charters available.

: RATES FOR CURRENT SEASON:

- Adults Snorkel (16+): **\$145**
- Child Snorkel (4-15yrs) : **\$115**
