continuous

Tour Itinerary

1 : Are You Ready?

Be collected from (and returned to) your Clare Valley Accommodation. Simply be ready for pick-up and we shall look after the rest of the day

2 : Relax:

With our specially designed tour you'll be immersed in the Clare Valley, discovering and tasting all the way. Lunch is included too, so you can relax and enjoy the country atmosphere.

3 : Local Guide:

Our experienced local guide will take you on a journey along the roads less travelled, while you are comfortable in the luxury of our leather-seated and air-conditioned vehicle. These private tours are just for you, designed to make your day special and memorable. We take your ideas and wishes into consideration to arrange the details so that you have the perfect day out in the Australian countryside. We'll stop at a lovely place for lunch, (we'll take your dietary requirements into consideration beforehand) where you can enjoy a glass of wine with delicious food and focus on each other's company before you continue

your sightseeing adventure.

4 : Local Secrets:

Our guide lives in the country, so we know all the back roads, are friends with the cellar door staff, and have access to vineyards and wineries where city tour operators never go. We'll pick you up from your Clare Valley accommodation and take you on a relaxing journey through this beautiful wine region.

5 : Our Tour:

Is entirely flexible, and we appreciate your input. You can request a special location or experience you've always wanted to try.

6 : Plus:

We have chauffeur plates on our vehicle, an indication of professional quality standards.

7 : Don't Miss Out:

We have limited availability and are instantly bookable. If this is your kind of special occasion, and you have the date, book your Private Clare Valley all-inclusive tour now so you don't miss out.
